***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 15, 17 and 22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The above noted claims are confusing. Claim 13 defines the elongated tubular member as an element distinct from the wire coil and dependent claim 15 states that they are a single element making the claim confusing. Similar problems exist in claims 17 and 22.

***Response to Amendment***

Applicants arguments regarding the above rejected is noted. However independent claims 13 and 18 define the tubular member and the wire coil as two distinct members while dependent claims 15, 17 and 22 state that they are one element. This makes the claims confusing.

All claims appear to avoid the prior art.

Claims 1-8, 13, 14, 18-21 and 23-25 are allowable.
